Shine

Mandisa

I know you're thinking it's over
That your story's been told
I know you're thinking you're burned out
That your fire's gone cold
You've been living in shadows
But that just ain't you
I know you're thinking you're lost
Bet you're thinking you're done
Let me tell you now
God isn't throughOut of the madness
Up from the ashes
There is a purpose
You were made for
Stand up and shine
Bright in the darkest night
Burn like the morning light
Oh-oh o-oh
Get up and soar
Don't have to hide anymore
What are you waiting for?
Break down the door
Stand up and shine (shine), shineTake a look in the mirror
Tell me what do you see
God sees a fighter
But you've got to believeOut of the madness
Up from the ashes
This is the moment
You were made for
Stand up and shine
Bright in the darkest night
Burn like the morning light
Oh-oh o-oh
Get up and soar
Don't have to hide anymore
What are you waiting for?
Break down the door
Stand up and shine (shine), shine
Shine (shine), shineShow the world what you're all about
Shine God's love from the inside out

Be the city on a hill right now, right now
His light is breaking through
It's pouring out inside of you
Don't be afraid to make your moveStand up and shine
Bright in the darkest night
Burn like the morning light
Oh-oh o-oh
Get up and soar
Don't have to hide anymore
What are you waiting for?
Break down the door
Stand up and shine (shine), shine
Shine, shine
Stand up and shine (shine)
Shine, shineShow the world what you're all about
Shine God's love from the inside out
What are you waiting for?
His light is breaking through
It's pouring out inside of you
Show the world what you're all about
Shine God's love from the inside out
