

# Just Like Before

DGM

Just like before  
Rain came down  
Like a melody at your door  
Heard it before  
Rain in your head  
Cried last night  
But you couldn't get out of bed  
What was the use of crying?  
Baby, baby  
Can I come inside?  
Baby, baby  
What's taking so long?  
Baby, baby  
God I know it's right  
Baby, baby  
Can't we go on?  
Just like before  
A train came by  
But it didn't stop at your door  
Oh, it left like a fool  
Pray that your bys be bygones  
For crying out loud when the feelin' inside is bare  
What was the use of crying?  
Baby, baby  
Can I come inside?

Baby, baby  
What's taking so long?  
( 'Cause my heart is aching)  
Baby, baby  
God I know it's right  
Baby, baby  
Can't we go on?  
In this dream, [incomprehensible]  
And I like the way this feels  
Family at the top and the bottom there's you  
And I like the way this feels, feels, feels  
Baby, baby  
Can I come inside?

Baby, baby  
What's taking so long?  
(Cause my heart is aching)  
Baby, baby  
God I know it's right  
Baby, baby  
God I know it's right  
(What was the use of crying?)  
God I know it's right  
God I know it's right  
God I know it's right
