Rae Sremmur

All my girls do yoga
All my girls do yoga, hey
All my girls do yoga
All my girls do yoga, hey
Then get high at night
Then get high at night
Then get high at night
Then get high at night
All my girls do yoga
All my girls do yoga, hey
All my girls do yoga
All my girls do yoga, hey
Then get high at night
Then get high at night
Then get high at night

Then get high at night Caught shawty in the Rover, she said she a smoker

But the girl ain't a roller, shawty colder than a cola

She don't even want me, 'cause she want my nigga Bola

All she wanna do is fuck and smoke my doja

Ain't that some shit? I'm lovin' that chick

She a die hard fan of that dick, she want a pic

Stretched out in the front, stretched out in the back

Stretched out my pocket, stretched out my sack All my girls do yoga

All my girls do yoga, hey
All my girls do yoga
All my girls do yoga, hey
Then get high at night
Then get high at night
Then get high at night
Then get high at night
All my girls do yoga
All my girls do yoga, hey
All my girls do yoga
All my girls do yoga, hey
Then get high at night
Then get high at night
Then get high at night

Then get high at night When the beat drop 'pon the river

Uncle Jim, I'm a real lady killer

Throw it back, make me feel like a winner
Throw it back, make me feel like a winner
I been eyeing you for a minute (Hey)
Girl you bad and you handle your business
Ass fat, tights barely can fit you
Went to college, coulda been a stripper (But she ain't a stripper)
Thinking 'bout the money when she doin' yoga keep her motivated (Keep her motivated)
She ain't outchea chasin' niggas, lookin' crazy, that shit overrated (That shit overrated)
Light the blunt, yeah, we getting faded
Ease your mind, let me relax you baby
Know the world can be intimidating
I know the world can be intimidating, hey All my girls do yoga
All my girls do yoga, hey
All my girls do yoga
All my girls do yoga, hey
Then get high at night
Then get high at night
Then get high at night
Then get high at night
All my girls do yoga
All my girls do yoga, hey
All my girls do yoga
All my girls do yoga, hey
Then get high at night
Then get high at night
Then get high at night
Then get high at night
Say come a little closer
Sure wouldn't mind getting to know ya
Ain't no push over
Can I come put the mack on ya?
Fourteen hundred, I'll pull over
Fendi, pull over
Panties drop when I roll one
New chick, I'mma stunt on my old one
Two feet, seven hundred on both of 'em
Two girls, I'm cummin' on both of 'em All my girls do yoga
All my girls do yoga, hey
All my girls do yoga
All my girls do yoga, hey
Then get high at night
Then get high at night
Then get high at night
Then get high at night
All my girls do yoga
All my girls do yoga, hey

All my girls do yoga
All my girls do yoga, hey
Then get high at night
Then get high at night
Then get high at night
Then get high at night
