

# Something I'm Not

## Reggie and the Full Effect

[Incomprehensible] You might have been something I'm not  
You must have said words I forgot  
What if it did come crashing down  
We'd still get screams without a sound Can you feel your life  
Come falling on your face You'll renew it, you're like a child  
Your mother said it  
What if it again it comes crashing down  
And what if screams don't have a sound Can you feel your life  
Come falling on your face  
And you throw it away  
Don't throw it away today Throw it away  
Throw it away  
Throw it away
