

# My Love

[Lenka](#)

The sun, the moon, the sky up above, my dear  
A day, a week, a month, or even a year  
I'll give you all that you want and all that you need  
from my heart to your heart  
this is how you make me feel My love, my love, my love  
I'll give it all to you  
My love, my love, my love  
'cause my heart so true  
My love, my love, my love  
I'll give you everything  
And giving is the greatest gift of all  
So I couldn't ask for anything more my love A smile, a laugh, a hand to hold my dear  
A hope, a wish, a life with nothing to fear  
I'll give you all that you want and all that you need  
from my heart to your heart  
this is how you make me feel My love, my love, my love  
I'll give it all to you  
My love, my love, my love  
'cause my heart so true  
My love, my love, my love  
I'll give you everything  
And giving is the greatest gift of all  
So I couldn't ask for anything more my love Tell me what you wish for  
Oh anything your heart desires  
Anything at all My love, my love, my love  
I'll give it all to you  
My love, my love, my love  
'cause my heart so true  
My love, my love, my love  
I'll give you everything  
And giving is the greatest gift of all  
So I couldn't ask for anything more than your love
