

Me And My Homies

Nate Dogg

Me & my homies though
You know we kick it like everyday
Me & my homies, kick it like everyday
When I'm alone in my room
And I don't have no one to talk to
I get me a girl with my phone
And 'cause some folks who know what I go through
After I smoke a joint
Come on to keep my temper low
I parlay with my friends
There's really no where else to go
Me & my homies though
You know we kick it like everyday
Me & my homies, kick it like everyday
I ain't shit without my homeboys rather be buried
Then see us party, keep it close to my heart
'Cuz we the ones that got the shit started
You recollect, we used to bust on snitches
Nobody come before my niggaz, fuck all y'all bitches
All my homeboys are self sufficient
So be suspicious of your scandalous tricks
Got the police takin' our pictures
Love to hang out on the corner but we known to ride
Me and my motherfuckin' homeboys down to die
For each other, 'cuz we closer than brothers
It's like you came in, no forgettin' the party poppin'
When my squad walks in
Throw up your hands baby buy me a drink, stop actin' phony
Don't forget to bring something for all my homies
To know me is to love a thug nigga to the fullest
Duckin' bullets, snatchin' guns when these trick niggaz pull it
Handle my business like a professional
The whole world knows me
But I ain't shit without my fuckin' homies
Me and my fuckin' homies
Me & my homies though
You know we kick it like everyday
Me & my homies, kick it like everyday
Me & my homies

Constantly we mash
Me & my homies
Gotta make that cash
Me & my homies
There's no need to ask
Me & my homies
We are still the best
That's my homie, DPGC homie
Me & my homies though
You know we kick it like everyday
Me & my homies, kick it like everyday
Me & my homies though
You know we kick it like everyday
