Outsiders

ABC Radio National

It's been some change but we're still outsiders
If everybody's here, then hell knows we ride alone
I've seen some years but you're still my Caesar
With everything I feel, I feel, you've already been here, oohThe only difference, is all I see, is now all that I've seenIt's bright on the outside, the bright love, the dark side, I know
It's obvious but sometimes you just have to say it so
You don't feel so weak about being such a freak, alone
In seventeen years will you still be Camille
Lee Miller, Gala or whatever, you know, what I mean, yeah, oohLove'll die an' lovers fade but you still remain there
Squeezin' in your fingers, what it means for me to be, yeah oh, ohThe only difference is what might be is now what might have beenWhen you saw me sleepin', you thought I was dreamin' of you
No, I didn't tell you that the only dream is, Valium for me
I've seen some years but you're still my Caesar
With everythin' I feel, I feel you've already been here, oh, ohLove'll die an' lovers fade but you still remain there
Squeezin' in your fingers, what it means for me to be, yeah oh, ohThe only difference is what might be is now
