Sentimental Fool (1999 Remaster)

Roxy Music

Surely you cannot be leading me on?
Well, if that's so, oh, never again will I love
How could I believe again? How can I hold on?Sentimental fool, knowing that fate is cruel
You ought to forget it, yes, I know it's true
I've seen what love can do but I don't regret itOh, you silly thing, can't you see what's happening?
You're better without it, no, that's not the case
If you were in my place then you never would doubt itSentimental fool, who broke the golden rule?
You couldn't resist it, though it's all in vain
I'd do it all again, just to relive one minuteA woman in love can make you feel good
You know what you're living for
She'll give you so much and keep you in touch
With all that's worth living forOh, once she gets in
Through thick and through thin
She'll show you what living's forThe rhythm of love, it must go on
Can't stop, the beat of your heart
Is like a drum, will it stop?
