Mystic Queen

Camel

Have you seen the mystic queen
Riding in her limousine?
Over hills and over dales 'til morningIf you like I'll take you there
We'll find some colors you can wear
Color that you've only seen while sleepingHave you seen the mystic queen
Riding in her limousine?
Over hills and over dales 'til morningIf you like I'll take you there
We'll find some colors you can wear
Color that you've only seen while sleeping
