

Just A Little Misunderstanding

The Contours

Yeah, yeah, yeah, yeah It's a cold man to hurt his woman
And watch her walk away crying
When all along, he knows he's wrong
Being so hard on a woman who's trying I was so unkind to hurt you so
Going out of my mind
I just gotta let you know that Baby, I just can't let you go
I realize I hurt you so
Our love, surely can we mend it
It's just a little misunderstanding I remember you said
You would always care
Until death should we do part
Baby, surely must be our destiny
To die the death of a broken heart So before I go, a wandering rover
Let's get together
Talk this thing over now Baby, I just can't let you go
I realize I hurt you so
Our love, surely can we mend it
It's just a little misunderstanding
That's all it is If our love is so wrong?
It just seems wrong
That our love could never be
You could be anywhere
Baby, I wouldn't care
If I thought that you're leaving me All the chains in the world
(Couldn't hold me, couldn't hold me)
Like the? our your love
(Controls me, controls me) Baby, I just can't let you go
I realize I hurt you so
Our love, surely can we mend it
It's just a little misunderstanding
That's all it is Baby, I just can't let you go (oh, yeah)
I realize I hurt you so (ooh, yeah)
Our love, surely can we mend it
(Surely we can we mend it)
It's just a little misunderstanding Baby (baby)
I just can't let you go
