

Fired Up

Mario Vazquez

The way that I am I can't help but show
All I wanna do is sexual
Love to do it every day and night
How 'bout we do it one more time, come on I see the way that I am I can't help but show
All I wanna do is sexual
Love to do it every day and night
How 'bout we do it one more time Someone help me out to find, girl you are my highlight
You too sexy to describe, then make your body
Drives me to my limit, oh, I can't help it
And the best part is you mind and girl, nah And it's like your body's got a mind of its own
Baby three words and all night long
Watch out now I'm in my zone
Smell a bunch a lovin' 'til the early morn', come on I'm fired up, so let's get it
And if you feel like I feel let me hit it
From your neck to your back
Ooh, baby just like that I'm fired up, so let's get it
And if you feel like I feel let me hit it
From your neck to your back
Ooh, baby just like that When you get into this bed
Girl you're so creative
And no other girl out there
Put it work from the sun 'til the end position And it's like your body's got a mind of its own
Baby three words and all night long
Watch out now I'm in my zone
Smell a bunch a lovin' 'til the early morn', come on I'm fired up, so let's get it
And if you feel like I feel let me hit it
From your neck to your back
Ooh, baby just like that I'm fired up, so let's get it
And if you feel like I feel let me hit it
From your neck to your back
Ooh, baby just like that Girl I'll put you on my stage because you're the headliner
I'm gonna give you my front page
Because you're the cover girl that's in my world
You're a top model, I put you on the runway and my platform
Baby sign you're autograph, sigh here Ooh, the way that I am I can't help but show
All I wanna do is sexual
Love to do it every day and night
How 'bout we do it one more time, come on I see the way that I am I can't help but show
All I wanna do is sexual

Love to do it every day and night
How 'bout we do it one more time And it's like your body's got a mind of its own
Baby three words and all night long
Watch out now I'm in my zone
Smell a bunch a lovin' 'til the early morn', come on I'm fired up, so let's get it
And if you feel like I feel let me hit it
From your neck to your back
Ooh, baby just like that I'm fired up, so let's get it
And if you feel like I feel let me hit it
From your neck to your back
Ooh, baby just like that I'm fired up, so let's get it
And if you feel like I feel let me hit it
From your neck to your back
Ooh, baby just like that I'm fired up, so let's get it
And if you feel like I feel let me hit it
From your neck to your back
Ooh, baby just like that
