Look At Me

Semi Precious Weapons

You look gorgeous by the light of my phone
Please move closer dear, you know I live alone
Subtlety is not my strength, so pay attention to my face
Subtlety is not my strength but patience is, so I'll just wait.

If you wanna dance, I'll dance
If you wanna touch, I'll touch
If you wanna kiss, I'll kiss
Just look at me while we do it
Look at me while we do it.

We're in love but the detail's undefined
I bled on 42nd, you left up 9th
Subtlety is not my strength, so pay attention to my face
Subtlety is not my strength but patience is, so I'll just wait.

If you wanna dance, I'll dance
If you wanna touch, I'll touch
If you wanna kiss, I'll kiss
Just look at me while we do it.

If you wanna breathe, I'll breathe
If you wanna quit, I'll quit
If you wanna kiss, I'll kiss
Just look at me while we do it
Look at me while we do it.

If you wanna dance, I'll dance
If you wanna touch, I'll touch
If you wanna kiss, I'll kiss
Just look at me while we do it.

If you wanna breathe, I'll breathe
If you wanna quit, I'll quit
If you wanna kiss, I'll kiss
Just look at me while we do it

Look at me while we do it
Look at me while we do it
Look at me while we do it

Look at me while we do it
Look at me while we do it.
