

When Two Are One

Atreyu

Bang

Explosions in my head that just won't quit
A train is crashing through the wall around my heart
And left it only dead, obliterated

Stop

My breathing in the night when you're not there
The silence ringing through my ears
And all I want to do is hear your voice

But you're not there

Drawn together

The pain has rushed through

Sleight of hand, blink

We won't go up in smoke

Things colliding, love undying

Like the rising tide

Beating hearts grow but never die

To simplify I'll stand by your side

Close my eyes, hope will never die

Like the rising tide

Beating hearts grow but never die

To simplify I'll stand by your side

Close my eyes, hope will never die

Burn

Take away the pain of being me

Soothe my soul, caress my heart

And end my fear of my bad memories

Eradicated

Pain

Like gunshots running against the silent night

My love was silent and these words were

Stronger than the rest, unstoppable

Unstoppable

Drawn together

Pain has rushed through

Sleight of hand, blink

We won't go up in smoke

Things colliding, love undying

Like the rising tide

Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die
Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die
Will never die
Die
Drawn together
Pain has rushed through
Sleight of hand, blink
We won't go up in smoke
Things colliding, love undying
Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die
Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die
Will never die, die
