

# Armani (feat. Yazz)

## Empire Cast

Armani, Armani  
I keep a cray sem' on my hip like I'm Ronnie  
Breezed up in Philly  
I'm in my Ace, I'll be surprised if you spot me  
You just need a splash in the game  
Well guess what I just made a tsunami  
Givenchy, Armani  
You look at my swag and you can't even copy  
Used to ride in a Honda  
Transformed to a 550, feelin' like Optimus  
I'm killin' these shows  
Left and right ain't nobody stoppin' us  
My city, they love me  
My family party all night to my accomplishments  
Now I'm performin' with daddy  
And I got your girl in the cold, in line for it  
Armani, Armani  
They said they gon' rob us but when they gon' do it?  
Sneaks are Armani  
My women Italian, I just left my new chick  
People is talkin'  
Like "Who is this lion and where is his music?"  
My dad been tourin' the world  
I moved in the booth, my friends I was losin'  
  
Think you must be out your mind  
Soon as I wake up I only focus on them dollar signs  
I ain't on the corner but I hustle, gettin' major rich  
On Instagram I see y'all hatin' on me, talkin' major ish
