

# Sandrine (Instrumental)

Adrian Younge

You wonder where I'm going, I wonder where you've been all my life  
Baby if you take my hand, we don't have to say goodbye  
Let's just get away  
(Let's just get away)  
To a special place  
(To a special place)  
It's so easy to let go  
But your love is all I want to know  
Cause baby when I look in your eyes  
I fell in love the first time  
Baby and there's no place that I'd rather be  
Just let me hold you close in my arms 'til it feels so right  
Look what came to me  
My precious Sandrine  
I follow where you take me, I know there's love and safety in your arms  
Let's treasure every moment that we share, cherish what we have for all time  
Let's just get away  
(Let's just get away)  
To a special place  
(To a special place)  
It's so easy to let go  
But your love is all I want to know  
Cause baby when I look in your eyes  
I fell in love the first time  
Baby and there's no place that I'd rather be  
Just let me hold you close in my arms 'til it feels so right  
(Just let me hold you, let me hold you)  
Look what came to me  
(Look what came to me)  
My precious Sandrine  
You wonder where I'm going, I wonder where you've been all my life
