

# My Sacrifice

## Helloween

Voices, I hear the people calling  
Deep in my dreams  
Choices, I made my own they've fallen  
Apart with their screams Waiting for my time  
Oh Lord, please forgive me  
Waiting for a hero,  
An angel relieve me In a land after life,  
I'll give my sacrifice  
In a world of dignity  
There is no need to flee In a land after time  
I'll give my sacrifice  
In a world of glory skies  
There is no need to die Chances, I took enough to fight it  
All thru my life  
Advances, I had them all and lost em  
They're out of my sight Waiting for my time  
Oh Lord, please forgive me  
Waiting for a hero,  
An angel relieve me In a land after life,  
I'll give my sacrifice  
In a world of dignity  
There is no need to flee In a land after time  
I'll give my sacrifice  
In a world of glory skies  
There is no need to die
