Break

Slingshot Dakota

and in the end there's two of us
it was always two of us
put your hand inside of mine
we fell in love at the right time... time.
and it's the kind of love that will make you break
but if it's worth enough it's the chance you take
and the chance to try is the the chance to know
take a look inside feel your heart beat grow
let it growmake a move or not at all
wasted time we let it fall... fall
let the fear get hold of me
let the feelings let it free... free
and it's the kind of lave that will make you break
but if it's worth enough it's the chance you take
and the chance to try is the the chance to know
take a look inside feel your heart beat grow
let it grow....and in the end it's two of us
it was always two of us
