## **Intro**

## **All Time Low**

From this distant vantage point
The Earth might seem of any particular interest
But for us, it's different
Considering and a dot
That's here
That's home
That's us

On it, everyone you love, everyone you know Everyone you ever heard of, every human being who ever was lived out their lives The aggregate or joy and suffering

Thousands of confident religions, ideologies, and economic doctrines

Every hunter and forager

Every hero and coward

Ever creator and destroyer of civilization

Every king and peasant

Every young couple in love

Every mother and father, hopeful child, inventor and explorer

Every teacher of morals

Every corrupt politician

Every super star

Every supreme leader

Every saint and sinner in the history of our species Lived there on the moat of dust suspended in a sunbeam The Earth is a very small stage in a vast, cosmic arena
