

Honey Rider

Cinerama

Oh I'm sick of hearing you say
That you can't 'phone because he'll hear you calling
But don't you think the way
That you're treating us both is quite appalling? Oh, sure, you nearly told him everything
But nearly doesn't mean a thing I know you don't want to row
Oh but you think you're just so clever
Well, I'm waiting now
But I won't be waiting here forever Oh, sure, you nearly told him everything
But nearly doesn't mean a thing And you know full well I'm right
And if you won't say a word, I might
Because you've had thousands of chances
To tell him his romance is
Not exactly what he'd call true
I know the strain that you're under
But I've started to wonder
If one lover is sufficient for you Oh, sure, you nearly told him everything
But nearly doesn't mean a thing If you don't talk to him until I force you to, I will
Because you know full well I'm right
And if you won't say a word, I might Because you've had thousands of chances
To tell him his romance is
Not exactly what he'd call true
I know the strain that you're under
But I've started to wonder
If one lover is sufficient for you
