

We Got It Goin' On

Lari White

Everywhere all I see
People throwin` away love so casually
They must not have what we have found
We`ve built this dream on some solid ground
They say it`s too good to be true love wasn`t meant to last
But when I look into your eyes I know
You know we know we got a good thing
And we won`t let go because
We got it we got it we got it goin` on
And with a little luck and a lotta love
We`ll keep it goin` strong You and me - me and you
That`s all we need to see us through
Night and day sweet and slow
That`s the way we make this feelin` grow
Even when we`re dancing in the dark I always find that light
Shining in your eyes and I know
You know we know we got a good thing
And we won`t let go because We got it we got it we got it goin` on
And with a little luck and a lotta love
We`ll keep it goin` strong
We got it we got it we got it goin` on
Let`s keep holdin` tight cause it feels so right
We know we can`t go wrong The road gets rough but we keep movin`
The music stops but we`re still groovin`
Through it all baby we keep provin` it ain`t a fantasy
What love was meant to be
`cause baby you and me
