

Breeze On By

Donny Osmond

Baby, you're drivin' me crazy
I don't want anybody thinkin' about you
In the way, that I'm thinkin' about you
Oh baby, don't keep me movin', lady
'Cos I know that you're feelin' like I do
And right now is the time to talk to you No matter what happens, I would give it up
(Oh yeah)
Every single day I'm fallin' deeper in love
(Yeah yeah)
I've never never been so happy and I know why
(I'll tell you why) ('Cos I, I got sun shine every day)
Every thing's sunny, every thing's right, yeah
Thoughts of you come breezin' through
(Why, 'cos the clouds aren't in my way)
Every thing's sunny, every thing's right, yeah
Summer days and nights just breeze on by
You know they just breeze on by This time don't give it excuses
'Cos I won't take no for an answer
And I won't be lettin' go, now that I found you
Ooo lady, won't you come and save me
Oh I can't imagine livin' without you
And right now is the time, it's up to you You are everything that I ever desired
(Ooo)
The lovin' that you give is just takin' me high
(Take me high)
I'm never gonna' stop, never gonna' give in and why
(I'll tell you why) ('Cos I, I got sunshine every day)
Every thing's sunny, every thing's right, yeah
(Oh yeah, yeah)
Thoughts of you come breezin' through
(Why, 'cos the clouds aren't in my way)
Every thing's sunny, every thing's right, yeah
Summer days and nights just breeze on by ('Cos I, I got sunshine every day)
Every thing's sunny, every thing's right, yeah
(Oh)
Thoughts of you come breezin' through
(Why, the clouds aren't in my way)
Every thing's sunny, every thing's right, yeah!
(No way)

Summer days and nights just breeze on by No matter what happens, I would give it up

Every single day I'm fallin' deeper in love

(Ooo ooo)

I've never never been so happy and I know why

(I know why) You are everything that I ever desired

(I desire)

The lovin' that you give is just takin' me high-hi

(Take me high)

I'm never gonna' stop, never gonna' give in and why

(I'll tell you why) ('Cos I, I got sun shine every day)

Every thing's sunny, every thing's right, yeah

(Oh oh oh)

Thoughts of you come breezin' through

(Why, 'cos the clouds aren't in my way)

Every thing's sunny, every thing's right, yeah

(Oh)

Summer days and nights just breeze on by ('Cos I, I got sun shine every day)

Every thing's sunny, every thing's right, yeah
