Dreamboat

Mirah

(Parts of Human Desire EP)What would you do if you knew
How much i wanted you?
You'd say "hey, me too so lets get busy.
Let's raise some hell in this little city."The dreamboat's waiting on the docks at night
She's a little bit horny and she feels just right
Hey, how about some of that lubrication?
'Cause this motor's gettin' ready for some fornicationHey, whatever happened to the sweet young chick
Who fell for the babe with a strap on prick?
You see 'em ridin' around town together
In a orange pick-up truck an' wearin' lotsa leather
