

Come Back To Me

Utada

Rain fallsThe rain falls on my windows
And a coldness runs through my soul
And the rain falls, oh the rain falls
I don't want to be aloneI wish that I could Photoshop all our bad memories
'Cause the flashbacks
Oh, the flashbacks won't leave me aloneIf you come back to me I'll be all that you need
Baby come back to me
Let me make up for what happened in the pastCome back, baby come back to me
Come back, I'll be everything you need
Come back, baby come back to me
Come back, you're one in a millionLower East Side of Manhattan
She goes shopping for new clothes
And she buys this and she buys that
Just leave her aloneI wish that he would listen to her side of the story
It isn't that bad, it isn't that bad
And she's wiser for it nowI admit I cheated
Don't know why I did it but I do regret it
Nothing I can do or say can change the pastCome back, baby come back to me
Come back, I'll be everything you need
Come back, baby come back to me
Come back, you're one in a millionEverything I ever did, heaven knows I'm sorry
I was too young to see you were always there for me
And my curiosity got the better of me
Baby take it easy on meAnything from A to Z, tell me what you want to be
I open my heart to thee, you are my priority
Can't you see you've punished me more than enough already
Baby take it easyThe rain falls
Let me make up for what happened in the pastCome back, baby come back to me
Come back, I'll be everything you need
Come back, baby come back to me
Come back, boy you're one in a millionCome back, baby come back to me
Come back, I'll be everything you need
Come back, baby come back to me
Come back, you're one in a million
