

Real A Lie

Auf Der Maur

So free and so fuck, so aroused
So alone I try to find the lie,
That lies beneath you, I try

Like a wave, I'm self-acclaimedReal a lie, you're truly mine..Real a lie, you're truly mine

I am that kind, living blind

Real a lie, I am that kind

Living blind, for a lieReal a lie, you're truly mine

I am that kind, living blind

Real a lie, I am that kind

Living blind, for a lieBehind closed doors your folded blind,

You're truly mine, from behind

Closed doors you meet me,

Like a wave, I'm self-acclaimedReal a lie, you're truly mine..Real a lie, you're truly mine

I am that kind, living blind

Real a lie, I am that kind

Living blind, for a lieReal a lie, you're truly mine

I am that kind, living blind

Real a lie, I am that kind

Living blind, for a lieDeep and so far, low down

Growing green, far above the waves

Got a lie, you and I

Wave, wave, waveDoo doo doo doo doo doo doo (4x)Real a lie, you're truly mine

I am that kind, living blind

Real a lie, I am that kind

Living blind, for a lie

For a lie..
