Don`t Hate Me

Porcupine Tree

A light snow is falling on London
All sign of the living has gone
The train pulls into the stations
And no one gets off and no-one gets onDon't hate me
I'm not special like you
I'm tired and I'm so alone
Don't fight me
I know you'll never care
Can I call you on the telephone, now and then?One light burns in a window
It guides all the shadows below
Inside the ghost of a parting
And no one is left, just the cigarette smoke
