[Lipps, Inc.](#)

Everywhere you go lights flash  
All you got to have is the cash  
While you think youre able  
Its got to have a labelDesigner music  
Designer musicI dont even know what it means  
Stick it on your shoes or your jeans  
If Calvin says its smashin  
Its got to be in fashionDesigner music  
Designer music  
Designer music  
Designer musicFollowing the crowd its their game  
Everything depends on which name  
Its got to be designer  
There could be no finerDesigner music  
Designer musicWearing your Sassons stop the show  
Got to be in Vogue with Polo  
Stick it on your sweater  
Its got to make it betterDesigner music  
Designer musicEverywhere you go lights flash  
All you got to have is the cash  
While you think youre able  
Its got to have a labelDesigner music  
Designer musicI dont even know what it means  
Stick it on your shoes or your jeans  
If Calvin says its smashin  
Its got to be in fashionDesigner music
