Dead Billy

Big Black

Hey little girl in U.S. dress
Come and give daddy kiss
To Dead Billy, U.S. soldier in green
Little lady, napalm butt
Come and give head to, to
Dead Billy make you boom boom boom
Dead Billy
Dead Billy make you happy
Dead Billy make you crawl
Dead Billy put your hand in his hole
Dead Billy show you what it's like to die
This is not a love song
And this is not a kiss
For Dead Billy
Dead Billy make you happy
Dead Billy make you crawl
Dead Billy put your hand in his hole
Dead Billy show you what it's like to die
This is not a love song
And this is not a kiss
For Dead Billy
No Viet??
