

# In My Bed (So So Def Mix)

## Dru Hill

You want to dance?  
Ha, I'm a make you dance  
You want to move?  
Ha, I'm a make you move  
Dru Hill come on

I got this feeling  
I can't turn it loose  
That somebody else is getting next to you  
Can't walk around

Like I was your fool  
'Cause being who I am I can't lose my cool  
My friends keep telling me bout things going on  
But deep in my heart babe  
I hope that I'm wrong

[Chorus]  
Somebody's sleepin' in my bed  
Messin' with my head  
Takin' my place  
(Somebody's sleepin' in my bed)  
Sleepin' in bed  
Messin' with my head  
Takin' my place  
(Takin' my place, Oh oh)

I come home early expecting your warm embrace  
But something's wrong cause it's written on your face  
(Written on your face)  
'Cause it hurts so bad when I walk through the door

But you know one thing  
I ain't comin' back no more  
Don't try to tell me things are still the same  
'Cause when we made love I heard you call out his name

[Chorus]

What else did you want?

What else did you need?  
Giving you everything plus my heart  
I gave you the world (Yes I did)  
'Cause you were my girl (Oh yes I)  
But you still ran out on me

Uh, fly shit, differnt colors whips  
I got plenty big hits, all kinda dips  
Got too many

My life ain't complete if I ain't got no buzz  
And can't nobody do it like we does  
It's a must brat bust and the mike you hand to me  
And represent for the rest of the family

Well I'm known for makin' moves on my own big songs  
And now I keep it commin' stong till the early morn

Let me interrupt  
Your regular schedule  
Twistin' off high levels of bubonic  
Chokin' amateurs till they vomit

I make em sick cause I'm the williest

Too much for you to deal with  
My niggas that ride quick  
Survive or die bitch

Why switch this remix hurts everyday  
It's like this and I never stop puttin it in work  
I rock from L.A. to Dru Hill  
Something you can feel  
All I'm about is that dolla dolla bill  
What the deal?

Funkier than parliment  
Stay bent behind tent  
And keep a nigga payin' my rent  
My goldier scent lingers  
VVS describes best what's on the fingers

We make believers out of dreamers

[Repeat Chorus]
