

Muscle

Venom

Get this - Hey you girl looking at me
I need to get it on - tonight
Stop your staring unless you're free
I need someone who fits just right
Wanna hear it - All I wanna do is open you up wide
Hey you child what's your game
Put some great white muscle - In between your thighs
I need someone who fits just right
All this is physical no need to know your name
I need a woman yeah - tonight
Put some great white muscle - In between your -
Let me hear it - All I wanna do is open you up wide -
I need a woman who can last the night
I need to get it on - C'mon play with a white man yeah
Get this - Hey you girl looking at me
Stop your staring unless you're free
I need to get it on - tonight
I need someone who fits just right
Wanna hear it - All I wanna do is open you up wide
Put some great white muscle - In between your thighs
