

# Carolina on the Line

Sunny Sweeney

Didn't I give you a reason  
Why can't you believe it?  
This just ain't me leaving for a while  
Almost back to Dallas  
Thousand miles sure was long enough to talk about us for one night.  
Not saying there wasn't something  
Saying it meant nothing  
I ain't calling back So before you say I love you  
I need to say goodbye  
I know you're hanging on  
So I'm hanging up before you change my mind  
Texas over and out  
Carolina still on the line I don't wanna feel guilty for trying to be happy  
Traffic lights are flashing and it's way too late  
Didn't we talk about this in Memphis?  
By little rocky said you meant it  
Here we are again and it's starting to rain  
Not saying there wasn't there wasn't something  
But you can't say nothing  
I ain't coming back So before you say I love you  
I need to say goodbye  
I know you're hanging on  
So I'm hanging up before you change my mind  
Texas over and out  
Carolina still on the line
