

Ngeke Balunge (feat. Lelo Kamau)

DJ Charl

I'm feeling loose
Everything is not working out
All I know is that
But I will not give in

I realize I forgot all my money
And I'm so far away from home
Oh shit
This car splashed me with dirty water
Okay calm down calm down calm down calm down
What's with this negative energy

Oh Kodwa Ngeke balunge X4
Nothing will put me down
Aw ngeke balunge aw ngek ulunge son

I know where I'm going
Nothing is getting in my way
Ooh I've been waiting for this all my life
So I walked X4 yeah I walked X2

I got this
And I sing my heart as
I could

Ooh Kodwa aw ngeke balunge

I'm telling you, this day
Is a very special day for me and you
My most time
You and I
Today

Okay calm down calm X3
What's with this negative energy
Ow Kodwa aw ngeke balunge
