Bon Iver

[Verse 1]

Is the computer started?
We had what we wanted, your eyes
With no word from the former
I'd be happy as hell, if you stayed for tea

[?]

This is how we grow now woman
A child ignored
These will just be places to me now
The forming is down

[?]

[?] eyes on the stairs[Bridge]
We find God and religions
Stayed at the Ace Hotel

[?]

I would just be floatin' to it now
It made me pass to let it pass on
I'm climbing the desk, that's [?][Interlude/Verse 2]
Well we walked up on that boat in the street
After you tied me in, in your driveway of the apartment of his bea[ch?]
Sent your sister home in a cab
I would've walked across any thousand lands
I didn't need you that night
[?] gonna' need you anytime
Just gonna' take it as it goes
I could go forward in the light
[?]
Oh my goodness [?]
