

# Birthday

## Rachael Sage

Every single birthday  
I promise I am gonna change but  
I can never take the first step  
Every single New Yearâ€™s  
I promise thereâ€™ll be no more tears but  
I can only take what I get

What I get is that you will  
Never, never, never let go,  
What I feel is that you may  
Never, never, never  
Wanna know, me for, who I, really am

Every single Hanukkah,  
I promise I am gonna come  
Shimming out of my shell  
Every single Rosh Hashanah  
Shrouded in a hallelujah  
Listen for the holiest knell

What I hear is that you will  
Never, never, never let go,  
What I fear is that you may  
Never, never, never  
Wanna know, me for, who I, really am

Every single birthday teeth  
Sink into a cupcake  
Iâ€™m lonely as a grain of loose sand  
Every single New Yearâ€™s  
I promise thereâ€™ll be no more tears,  
Oh but for a dose of dry land

What I hope is that youâ€™ll  
Someday, someday, someday let go,  
What I wish is that you will  
one day, one day, one day  
Wanna know, me for, who I, really am
