

# Show Me Heaven

## Die Happy

I.

I light up one more cigarette  
watch the blue smoke  
playing with my thoughts in the air  
don't wanna lose myself, lose myself  
in this silent empty spaceII.  
you put your head down on my lap  
talk of the future  
where will we end up on our way  
don't wanna lose myself  
lose myself  
in this ocean full of lies  
so tell me why and show me howRef:  
YOU COULD BE MY, YOU COULD BE MY GOD  
SHOW ME HEAVEN, SHOW ME HOW TO LOVEIII.

Where are you spending time tonight  
am I there with you  
will we two ever stay together  
don't wanna lose myself  
lose myself  
in this ocean full of lies  
so tell my why and show me how
