

Raise Your Fist

Rancid

Raise your fist (raise your fist)
Against the power (raise your fist)
Oppress the power that exists
Raise your fist (raise your fist)
Against the power (raise your fist)
Oh the power that exists In the land of freedom, I will make a clean
Forth rack on production [?] this is all insane
Heart of the heartland or they stream the blood
Where invisibly, for one thousand and third Raise your fist (raise your fist)
Against the power (raise your fist)
Oppress the power that exists
Raise your fist (raise your fist)
Against the power (raise your fist)
Oh the power that exists No alliance, sure no cross to bear
No crack to follow, no police to share
Apathetic revolution, people go put to sleep
As the people are wake up they'll be rioting the streets
