Keep The Trance

Madonna

Hey you!
Don't give up
Either good or bad
There is still a trance around you
Keep the trance
Hey you!
Be yourself
Don't be shy
Here's the reason why
You've got to keep the trance
Keep the trance
Keeping it together
You'll make it all right
Come on, check it out
And we can keep it tonight
Keeping it together
You'll make it all right
Come on, check it out
And we can keep it tonight
Keep the trance
Young girl!
(Young boy!)
Open up your heart
That is what you're born for
If you want to change
You've got to keep the trance
Keep the trance
Hey you!
(Old man)
Remember this
None of this is real
Including how you feel
That's why you keep the trance
Keep the trance
(Keep, Keep, Keep)
Keeping it together
You'll make it all right
Come on, check it out
And we can keep it tonight

Keeping it together

You'll make it all right
Come on, check it out
And we can keep it tonight
Keep the trance
Yeah . . .
Hey you!
Love yourself
If you never can, love anybody else
You can keep the trance
Yeah . . .
Keep the trance
Yeah . . .
C'mon! C'mon!
Young boy!
(Young girl!)
Now open up your heart
This is what you're born for
If you wanna change the world
You keep the trance
Keep the trance
C'mon! Keeping it together
You'll make it all right
Come on, check it out
And we can keep it tonight
Keeping it together
You'll make it all right
Come on, check it out
And we can keep it tonight
Keep the trance
C'mon, C'mon, C'mon, C'mon
Keeping it together
You'll make it all right
Come on, check it out
And we can keep it tonight
Keeping it together
You'll make it all right
Come on, check it out
And we can keep it tonight
