

# A World Unknown

## Seth Bishop

\*prepare for launch in 3.. 2.. 1..\*

You know that feeling when  
You're falling down  
Just close your eyes and wait  
To hit the ground  
Just my love  
It almost feels rehearsed  
I always fall in love  
Just to end up hurt  
And tears will fall  
Moments fade away  
And love, it never seems to stay  
Yeah  
My heart  
Some one make it's your throne  
Take me to a world unknown  
So just love me  
Please just love me  
So just love me

You know I'm sick and tired  
of the same old town  
Try to runaway but  
Always come back around  
Miss every 'I love you'  
More than lies, lies  
If true love lives  
Does that mean it dies?

And tears will fall  
But the pain don't fade away  
I can't sleep tonight  
But you're okay  
Yeah

My heart, someone make it's your throne  
You take me to, a world unknown

So just love me  
Please just love me

Please just love me  
Please just love me

And tears will fall  
Always fade to grey  
Did you really love me?  
Why didn't you stay?

Yeah

My heart it's  
Forever yours

And take me to a world unknown (known, known)
