When I Feel This Way

Brian Dolzani

So beautiful my pain I never could remain
In love my shame it's a maze
It's amazing

When I feel this way when I feel this way
Falling into blue
When I feel this way when I feel this way
Falling out of you

Setting with the sun nowhere left to run
I'm a gun unloaded

When I feel this way when I feel this way
Falling into blue
When I feel this way when I feel this way
Falling out of you

I'm an island thrown on the open sea
There's no better place for me

When I feel this way when I feel this way
Falling into blue
When I feel this way when I feel this way
Falling out of you

When I feel this way when I feel this way
Falling into blue
When I feel this way when I feel this way
So far from you

falling out of you
