

Leisure Suite (live on Black Sessions)

Feist

In my leisure suite
Quit talking
Just talking
PleaseIn my leisure suite
Sometimes
I feel the room surround me
With possibilityBuild fires to stoke them
Let's fix what's been broken
Words have been stolen
But silence is goldenIn my leisure suite
Just a place to meet
We can press repeat
And do what we do when we're thereDon't come knocking
This doors for locking
Have you got the keyIn my leisure suite
Hang up your jacket
Undo my back zip
PleaseMoonlight on blanket
It's great when your backlit
Features in close-up
The moment we woke upIn my leisure suite
Just a place to meet
We can press repeat
And do what we do when we're thereIn our leisure suite
Come lie next to me
We can be complete
And do what we do when we're thereIn my leisure suiteIn my leisure suite
