

# Fall

## Eyeshine

It's a sentimental feeling  
That I get with you  
Take away the things that bring me down  
Before they do

What do I get?(X3)  
Life seems so obscene  
What do I get?(X3)  
We give up something

(Whoa, Whoa)  
Be my hope tonight  
(Whoa, Whoa)  
It's better to  
Fall for what you believe  
Than standing for something  
That doesn't make no sense to be

Like to show my teeth  
To let you know that I'll be fine  
If I just be cool like you  
Then things will soon unwind

A little (X3)  
Spend my life with you  
A little (X3)  
We give up something

(Whoa, Whoa)  
Be my hope tonight  
(Whoa, Whoa)  
It's better to fall  
For what you believe  
Than standing for something  
That doesn't make no sense to be  
It's better to fall  
For what you believe  
Than standing for something  
That doesn't make no sense to be

Take me higher  
Take me higher  
Cover me (X4)

What do I get? (X3)  
Life seems so obscene  
What do I get? (X3)  
We give up something

(Whoa, Whoa)  
I swear I'm overdue  
(Whoa, Whoa)  
It's better to fall  
For what you believe  
Than standing for something  
That doesn't make no sense to be

It's better to fall  
For what you believe  
Than standing for something  
That doesn't make no sense to be  
Sense to be

Fall for what you believe in (X4)
