

No Controlling

One Man Army

Are You All Alone
Serving Time At The Hand Of Someone Else
And Over Time Have The Walls Sealed You In
With No Choice And No Control Your Broken Will Succeeds In The End
Locked Away In A Brick Shit House For What I'll Bet A Couple Miles Separates You From The Friends You
Used To Know
From The Life That You So Carelessly Let Go
With No Choice And No Control Your broken Will Succeeds In The End
Locked Away From Your Life All Alone
No Controlling (5x) No Control
No Controlling (5x) No Control
