

Heroes and Martyrs

Bad Religion

Amid the heat and the wrack
Hot boots invested and cracked
Poor candidates jacked into gray lightAn ultra-violent call
Summoning both poet and thrall
Sweet catalyst for the acolytesOur heroes & martyrs
Present two points of view
Which deity you're praying toInto a welter of night
Flack, rounds and roiling blight
Cracked vertebrates stacked by the waysideAn ultra-violent call
Summoning both poet and thrall
The inveterate blind seeking daylightOur heroes & martyrs
Present two points of view
Which deity you're praying to
