

# Don't Dance

Erasure

Anything you want, everything you need  
Every time you take what's on offer  
You can step on out  
You can do without  
You don't have to be like every other Don't dance to the rhythm (Do something 'bout it)  
Don't dance to the rhythm (You can do without it)  
Don't dance to the rhythm (Do something 'bout it)  
Don't dance to the rhythm Always stay in line, fool you every time  
Wonder why it ends up in sorrow  
You don't have to go  
All you say is no  
There's no rhythm that you have to follow Don't dance to the rhythm (Do something 'bout it)  
Don't dance to the rhythm (You can do without it)  
Don't dance to the rhythm (Do something 'bout it)  
Don't dance to the rhythm Don't dance to the rhythm (Do something 'bout it)  
Don't dance to the rhythm  
Everywhere you go, everything you do  
Got to make the best, just that bit better  
You can step on out  
You can do without  
You don't have to be like every other Don't dance to the rhythm (Do something 'bout it)  
Don't dance to the rhythm (You can do without it)  
Don't dance to the rhythm (Do something 'bout it)  
Don't dance to the rhythm
