

# Johnny Was a Soldier

## The Adicts

Johnny joined the army  
The cause he didn't know  
He served three years  
In the Middle East  
You know it doesn't show Push, push, push, push  
Push, push, push, push Johnny was a soldier  
He can't dance anymore When he came out  
He tried to form a band  
But he's only got one leg  
And he can hardly stand Push, push, push, push  
Push, push, push, push Now he drinks alone  
He gets sentimental  
He watches girls dance  
And he's thrown away his medals
