Time

Titiyo

This world has no patience
Time, it's spinning while we're wasting time
In roadblocks, subway stations, time
We're waiting, wasting timeWell, life takes a turn
Let's keep on straight
It's easy to burn
On stolen faithGive in, give out
Give in and get out with me
Give in, give out
Give in and give it to meGive in, give out
Give in and get out with me
Give in, give out
Give in and give it to meWell, life takes a turn
Let's keep on straight
It's easy to burn
On stolen faithThe world has no passion, time
I'll judge you by your actionsGive in, give out
Give in and get out with me
Give in, give out
Give in and give it to me
Give in, give out
Give in, give out
