

Time

Titiyo

This world has no patience
Time, it's spinning while we're wasting time
In roadblocks, subway stations, time
We're waiting, wasting time Well, life takes a turn
Let's keep on straight
It's easy to burn
On stolen faith Give in, give out
Give in and get out with me
Give in, give out
Give in and give it to me Give in, give out
Give in and get out with me
Give in, give out
Give in and give it to me Well, life takes a turn
Let's keep on straight
It's easy to burn
On stolen faith The world has no passion, time
I'll judge you by your actions Give in, give out
Give in and get out with me
Give in, give out
Give in and give it to me
Give in, give out
Give in, give out
