

I Never Walk Alone

Huey Lewis & The News

I remember our old neighborhood
Everyone there, what they understood
You could wind up stranded in the lost and found
So you better stick together if you wanna stick around
Me and the boys got our own little plan
Somebody out there will understand
And keep the world in the palm of our hand I never walk alone
I never walk alone It ain't what you've got it's who you know
We take that with us wherever we go
We stick together and we have our fun
You know we're taking our days one by one
And when there's trouble in my face
I'm a tired runner in the human race
I'm gotta leave that to a familiar face I never walk alone
I never walk alone I'm taking care of my own
I never walk alone I never walk alone
I never walk alone
I'm taking care of my own
And I never walk alone
I never walk alone
We stick together and we have our fun
I never walk alone
We're taking our days one by one
I'm taking care of my own
Taking care of my own
And I never walk alone
I never walk alone
