

Without You

Jagged Edge

Oh yeah, yeah, yeah
J E ya'll yeah check it
I'mma send this song out to my dad
'Cause I'm, one day I came to my dad and told
How I was feelin' about the girl he used to write poetry
So I'mma poetically explain how I feel to her Girl you know that you're the apple of my eye
To me you like my cherry and my cherry pie
I wake up early like a sunrise to be there for you
When you wake up, oh yeah
And I, I can't seem to get you off my mind
'Cause see someday we better be on cloud nine
I think that's why I didn't recognize I wasn't through
To get enough time girl don't you leave I'm nothing without you, like a fire with no flame
Girl it's all you, I can hardly maintain
You know me, earth with no sea
Bird with no beak, that's the way I'm gonna be
Nothing without you, like a fire with no flame
Girl it's all you, I can hardly maintain
You know me, earth with no sea
Bird with no beak, that's the way I'm gonna be without you Girl you like a doctor that wouldn't work
I'm feeling like a fighter 'cause you make me hurt
So, I know that things ain't perfect but in my heart you're worth it
Hope you change your mind 'cause I'm worthless
Like a football player you put in overtime
I know that you ain't happy want to know till why
Here we have chance girl I'm bringing
Romance girl and that's all I'm nothing without you, like a fire with no flame
Girl it's all you, I can hardly maintain
You know me, earth with no sea
Bird with no beak, that's the way I'm gonna be
Nothing without you, like a fire with no flame
Girl it's all you, I can hardly maintain
You know me, earth with no sea
Bird with no beak, that's the way I'm gonna be without you Never though you'd leave send a drama bus to me
Everything that you might need tell me baby why'd you leave?
Never though you'd leave said I don't know everything
Guess when your young you gotta follow straight
Never though you'd leave send a drama bus to me
Everything that you might need tell me baby why'd you leave?

Never though you'd leave said I don't know everything
Guess when your young you gotta follow straight I'm nothing without you, like a fire with no flame
Girl it's all you, I can hardly maintain
You know me, earth with no sea
Bird with no beak, that's the way I'm gonna be
Nothing without you, like a fire with no flame
Girl it's all you, I can hardly maintain
You know me, earth with no sea
Bird with no beak, that's the way I'm gonna be without you
