Day Is Done

Nick Drake

When the day is done
Down to earth then sinks the sun
Along with everything
That was lost and won
When the day is doneWhen the day is done
Hope so much your race will be all run
Then you find you jumped the gun
Have to go back where you begun
When the day is doneWhen the night is cold
Some get by but some get old
Just to show life's not made of gold
When the night is coldWhen the bird has flown
Got no one to call your own
Got no place to call your home
When the bird has flownWhen the game's been fought
Newspaper blowing across the court
Lost much sooner
Than you would have thought
Now the game's been foughtWhen the party's through
Seems so very sad for you
Didn't do the things you meant to do
Now there's no timing to start anew
Now the party's throughWhen the day is done
Down to earth then sinks the sun
Along with everything
That was lost and won
When the day is done
