Little Things

Aaron Pritchett

Wake me up before you leave
Id like to hear your voice one more time
If you do I can fall back to sleep
And drift off to dream with a smileIll miss you while youre gone
When youre out Ill get the laundry doneSome times all it takes
Is an unexpected I love you
To wrap your arms around the one that you love
Thats what its all about
Its the little things that countSo when you find that special one
To stand beside you for the rest of your life
Those little things come naturally
A love like this is one of a kindEven when Im not with you
I can feel your love in everything you doChorus X 2Its the little things that count
